

Year 3 Home Learning Timetable Tuesday 21st April

PE with Joe Wicks 9am - 9:30am

Or try [super_pirates](#) for free PE - look on their Facebook page under videos, live at 9am and also on You Tube

Or for something different try www.jumpstartjonny.co.uk

Task 1 - Reading Comprehension 9:30 - 10:00am

1. Meet Cliff. What would you say to him? What might he say to you?
2. What is Cliff like (his personality, his voice, his behaviour)?
3. What does Cliff enjoy doing? Does he like to travel? Does he have any friends?
4. Has Cliff changed over time? /How was Cliff created? *[think about Science/knowledge of rocks]*
5. What events has Cliff seen? *[what History events do you know?]*
6. Why is Cliff a good name for this character?
7. Can you create and illustrate any other characters following this theme? (e.g. a girl named 'River', a lady named 'Willow'...)

CLIFF

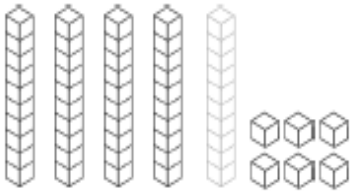

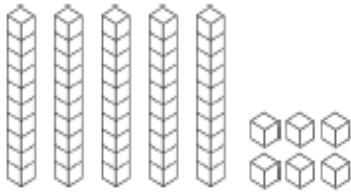

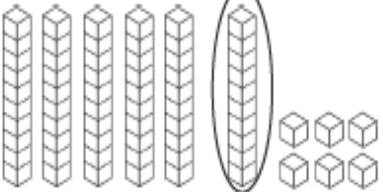

Task 2 - Maths 10:00 - 11:00am

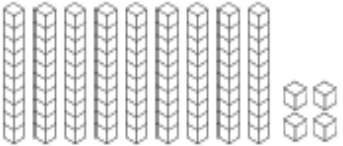

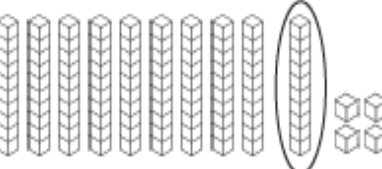

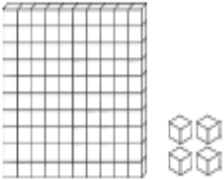

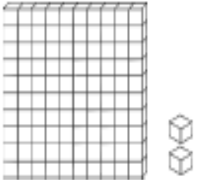

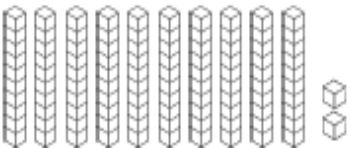

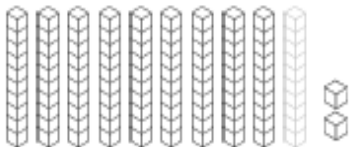

This week: Number and Place Value Work

10 More and 10 Less Worksheet

Adding or subtracting 10 can be done by representing or imagining a number as hundreds, tens and units and simply adding or removing one of the tens e.g.

		
$56 - 10 = 46$	56	$56 + 10 = 66$

Sometimes you will make a new hundred or need to break a hundred down into tens to be able to do this. e.g.

<p>94</p> 	<p>94 + 10</p> 	<p>94 + 10 = 104</p>  <p>10 lots of 10 = 100 so a new 100 is made.</p>
<p>102</p> 	<p>102 - 10</p> <p>We need to work with 10s so we break the hundred down into 10 lots of 10.</p> 	<p>102 - 10 = 92</p> <p>Then we can take one away.</p> 

Maths continues on the next page...

Maths Activity:

Now you have a go - remember to draw your base 10/ dienes equipment to help you see the addition and subtraction.

1. Try these. Draw the hundreds, tens and units if you wish.

1. $43 - 10 =$

2. $27 + 10 =$

3. $59 - 10 =$

4. $38 + 10 =$

5. $97 + 10 =$

6. $107 - 10 =$

7. $153 + 10 =$

8. $195 + 10 =$

Task 3 - Phonics 11:00 - 11:30am

Practise your phonics by logging onto Phonics Play - it's currently free.

www.phonicsplay.co.uk

username: march20

password: home

Also - If you are someone who uses Nessy or Lexia at school and you know your log on and password you can use these programmes at home to keep practising your reading, comprehension and spelling skills.

Task 4 - English Writing 11:30 - 12:30

Year 3s new topic this term in the **Indus Valley!**

Have a look at the powerpoint about the Indus Valley in yesterday's Year 3 Home Learning folder.

What else can you research today (using the internet or books at home) about the Indus Valley?

Try and answer these questions:

- Where is the Indus Valley?
- What is the landscape like there? (Hilly, flat, forests, volcanoes?)
- What is the weather like?
- Does the Indus Valley civilisation still exist today?
- Were the Romans around at the same time as the Indus Valley Civilisation?
- What other ancient civilisations do you know about? Can you compare the Indus Valley people to?

Building on your research (what you found out yesterday) today and tomorrow I want you to **research the Indus Valley**.

Use the research template on the next page (copy the headings into your notebook/ piece of paper or print out the template if you are able to). Try and answer the questions above in your notes/ research about the Indus Valley.

Travel Guide

Complete the boxes with as much information as you can to help you produce a travel guide all about the Indus Valley.

Where is the Indus Valley?	What is it like in the Indus Valley? (Talk about physical features like rivers, mountains etc.)	Why should I visit the Indus Valley? (Can you think of some catchy slogans or persuasive words to tempt visitors?)
What are the main cities called? What other places are nearby?	What is the weather like?	

At the end of the week I want you to create a booklet/ leaflet or poster advertising all the interesting things you've learnt about this place. As if you're a travel agent selling holidays to the Indus Valley!

Lunch 12:30 - 1:30pm

Family Time 1:30pm
